# Messages | Steps for Importing Course in Blackboard

## Steps

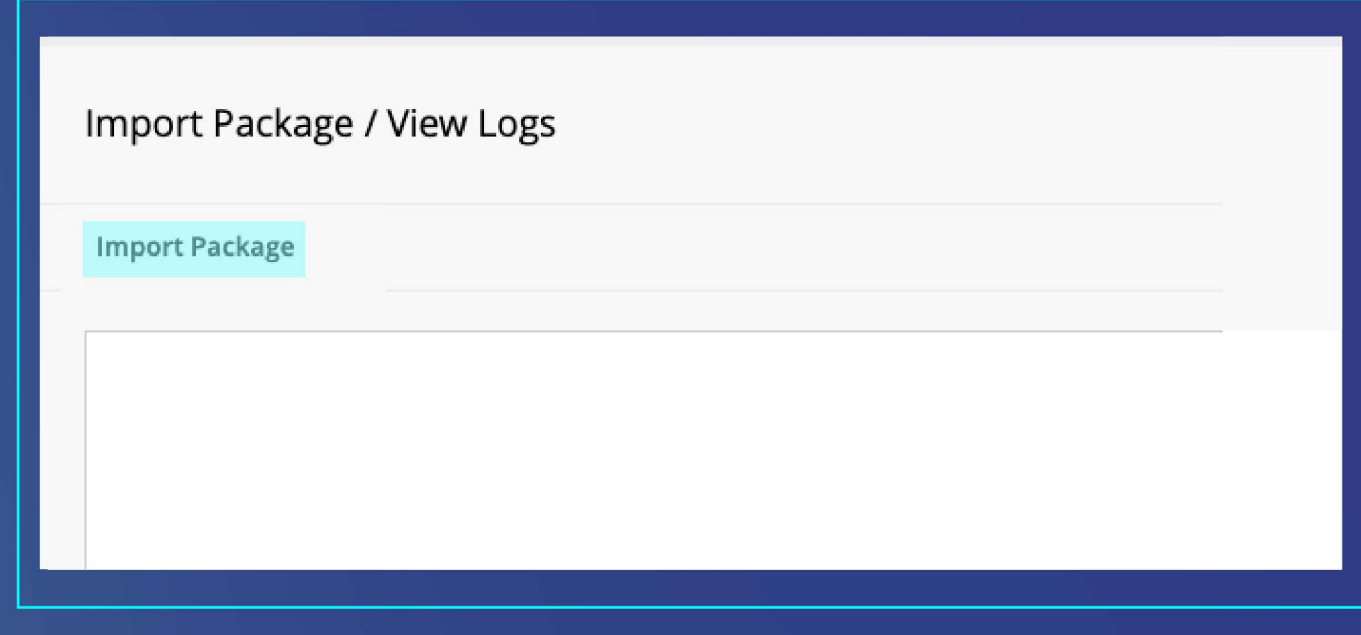

1

From the main menu of the course  
in the section of “Course Management” choose  
“Packages and Utilities”.

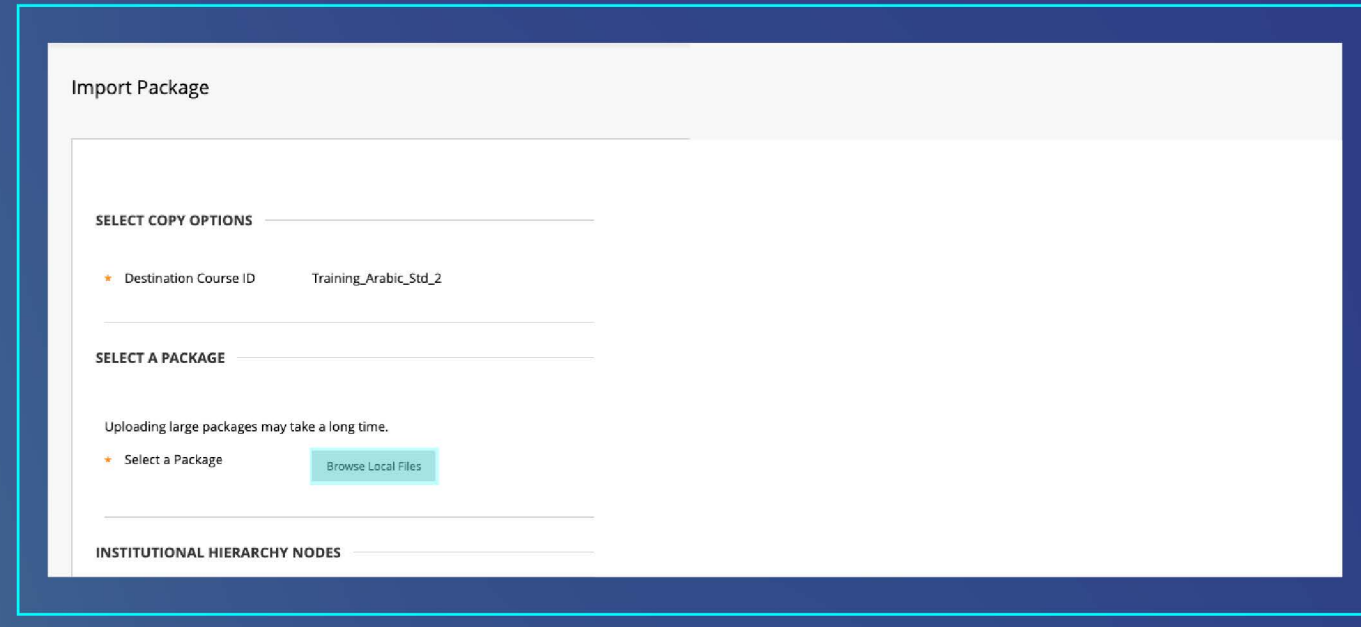

2

Choose “Import Package/View Logs”.

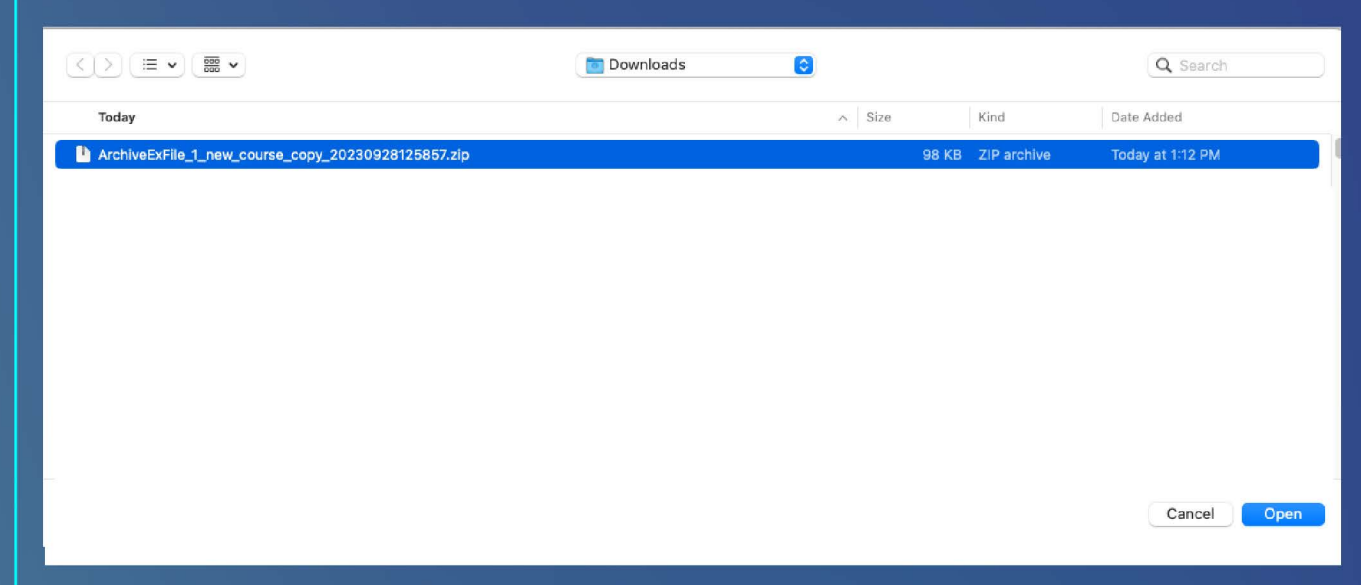

3

Click on “Import Package”.

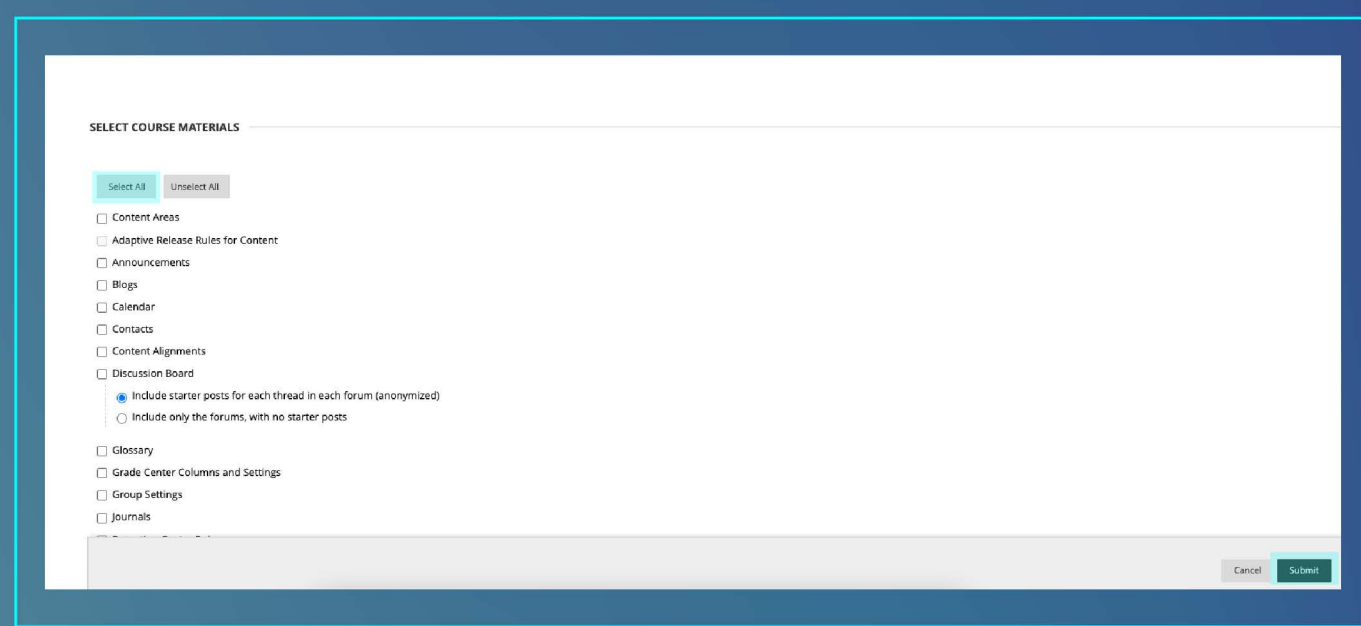

4

Click on “Browse Local Files” to select the course  
package that saved in your local computer.

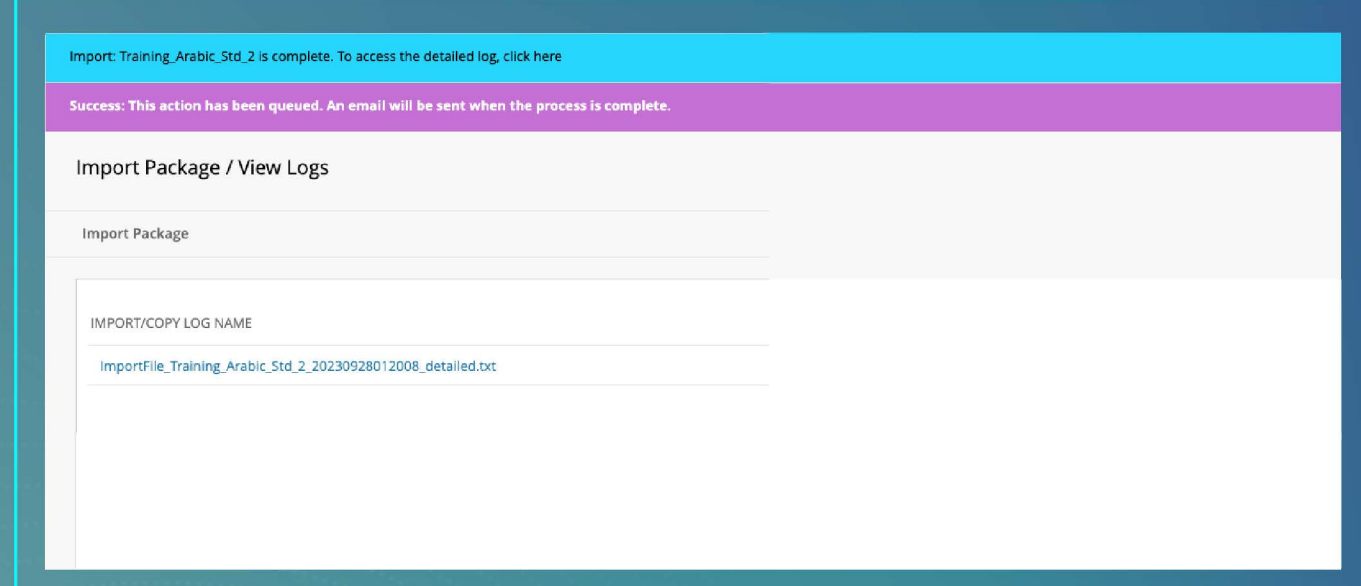

5

Select the Course Package then click “Open”.

6

Select the section that you need to import  
or “Select All” then click “Submit”.

7

Message will appear indicate  
that import done successfully.
